ABOUT ME

Full Stack Developer (MERN stack) with a strong background in **Architecture and Graphic Design** passionate about creating **immersive and visually striking digital experiences**.
+6 years of experience as a Project Manager. Developing, managing, and overseeing large-scale projects.
Possessing a great ability to merge **technology** with **art** and **aesthetics**, creating digital solutions that are not only functional but also true works of art.
Currently, this vision is enhanced by the development and integration of **Artificial Intelligence (AI) and AI Agents**, applied to the **optimization**, **automation**, and **scalability** of my projects.
I am constantly seeking challenges that push the limits of my **knowledge and creativity**.
